I recently took the SAFe agile course through KH. The instructor was knowledgeable of material and able to create good breakout rooms with relevant examples. I will share with friends and plan on taking other classes with knowledge hit in the future.

Juzer Sharafali

I took the Leading SAFe 5.1 course and my instructor was Meenal Tayal. The course was interactive, and I learned a lot in the short two days. We covered many real-world examples and I'm very happy with the course.

I recently completed my Agile SAFe training and certification through KnowledgeHut, and it was a great experience. Loved the session which was more of an interactive and not just teacher and student sort. The coach was punctual and well aware of his subject. Kudos to the KnowledgeHut Team!
