# Hear Straight from **Our Learners!**

**Arvind Subramanian**

Thanks so much for your very valuable training. I really enjoyed it, and I appreciate that you made it fun! I feel much better prepared to deal with uncomfortable issues. Thank you for your wisdom, experience, and personable presentation.

**William**

I thought the class was well carried. Kumaresh was very knowledgeable and articulate. I thought the class could use a business case/example that can help us apply all the different concepts/roles while we learn.

**Scott Wallace**

I attended the POPM class given by Melissa White. I truly enjoyed the 2 days with Melissa, she was clear, Helpful, and very knowledgeable on the subject and made it one of my best online training session I've attended. Thank you and look forward to other trainings with Melissa White.

**John S**

Just finished an excellent Scaled Agile POPM course offered by KnowledgeHut. The instructor, Deepti, was knowledgeable and very prepared, skilled in both the subject matter and the use of the remote learning environment.

**Kian Graves**

I participated in the SAFe® POPM training in February and found the instructor to be an industry expert who wrote several books on the topic and was very knowledgeable. The live course delivery technology was flawless.

**George Bryan**

I completed the SAFe® POPM course by Kishore Nakka through KnowledgeHut. Kishore is very enthusiastic about teaching. He really wants his students to do well. Thank you for the excellent, clear presentation.

**Tushar Sharma**

The course was good and very well delivered. Specially Dhanush, the trainer, was very a polite and knowledgeable and super helpful for any queries asked.

Alumni Reviews Continued...

### **Ebony Gordon**

Melissa is a great instructor. The POPM class is a 2-day course, I was engaged the entire time. She was fun and definitely knew what she was talking about.

### **Abhinav Jain**

A well-trained and experienced coach made the course look simple and easy. Well-planned and with a lot of practical exercises. We got a good amount of hands-on practice as well.

### **Sandeep Chougule**

The training was really informative, and the trainer had a great level of understanding of the topic and was able to answer questions with practical examples.
