# Hear Straight from Our Learners!

**Yuriko Yamada**

I had a great experience with this well-structured course provided by Simran. I could learn the concept well with many cases, analogies, and group discussions. Simran was kind, passionate, and patient, ensuring all of our questions were answered and creating a friendly and inclusive atmosphere during the course. I will highly recommend it.

**Dhanya R**

I recently attended the training session of PSM and I am extremely happy with their way of conducting the sessions. Timely emails and reminders for all the required sessions were sent. Glad to be had a chance to attend such sessions. The instructor did a great job handling the classes with timely breaks and great insights. Overall had a wonderful learning experience.

**Jyotsna Tandon**

I did a PSM-1 course from KnowledgeHut and it was truly an enriching experience. The trainer was very good and has full expertise on the subject. He was quite interactive and engaging, always ensured everyone understood the concepts and fundamentals of Scrum Agile. He kept revising and recapping all important concepts throughout the session during these two days. This helped us to sit an exam immediately after course completion and I passed the certification with 92%. Thanks a lot, and much appreciated support from KnowledgeHut. It was a wonderful learning experience.

KnowledgeHut is a global ed-tech company, equipping the world's workforce with the skills of the future via immersive learning. A trusted skills transformation partner to over 4,500 organizations across 100+ countries, KnowledgeHut is the skills solutions provider that organizations and individuals count on to innovate faster and create progress.
