Kevin, thank you very much for all the useful study materials. I'm going to try and sort them out and get started with the exam preparation next week. I'm really grateful for the coaching and mentorship. You really demystified PMP certification for us and I wished I had taken this course with you years back.

**Nicanor Oguname**

*Manager IT Audit, Mackenzie Investments*

I'm very excited to share that I passed my PMP exam over the weekend! The above-target overall result was the cherry on top. This is a major milestone that I set my sights on in the fall, and it feels so good to be on this side of it. After zeroing in on key concepts and following a rigorous 2-month study schedule, I felt as ready as I could be. I also want to thank Kevin D. Davis for his project management insight.

**John L. Davidson**

*Sr. Property Claims Adjuster*

This course was very informative and a must for all managers. It helped me understand the inner workings of a well-managed organization. The course was comprehensive and easy to understand. The instructor was very clear on the information he was sharing and was very motivating. Thank you for this great course!
